LinkedIn Profile – www.linkedin.com/in/ajay-kumar-ccie

+917419269132 Ajaym88025@gmail.com

TECHNICAL SKILLS:

- **Routing**
  OSPF, EIGRP, BGP, RIP, Route Redistribution, Policy-Based Routing, VRF,
- **Switching**
  VLAN, Trunking (802.1Q), VTP, STP, RSTP, MST, EtherChannel, Private VLAN ,FHRP
- **High Availability & Redundancy**
  HSRP, VRRP, GLBP, IP SLA
- **WAN & LAN Connectivity**
  NAT, PPP, HDLC, GRE Tunneling, DMVPN (Basic)
- **Network Security**
  Standard & Extended ACLs, Port Security, Network Segmentation, DHCP Snooping

Data Center Networking Experience

- **Switch, Server, and Load Balancer connectivity.**
- **Fiber and Ethernet cable patching.**
- **SFP/SFP+ module installation.**
- **Physical layer (Layer 1) troubleshooting.**
- **Basic switch port verification and connectivity testing.**

Summary

- **CCNA-trained Network Engineer with strong fundamentals in routing, switching, IP addressing, subnetting, VLANs, STP, OSPF, EIGRP, BGP, NAT, ACLs, DHCP, DNS, and network troubleshooting. Handson experience with real Cisco devices using Cisco IOS CLI, Packet Tracer, and GNS3**

CERTIFICATION

- **CCNA – 200-301 Cisco Certified Network Associate (Global Certification)**
- Issued: December 2025
- **CCNA & CCNP –** (Routing & Switching) – Training Completed

Projects

Static Routing Project

- Configured static routes between multiple routers to enable inter-network communication. **Skills:** IP Addressing, Static Routes, Cisco CLI **Project Link: [** Link] / 2 –[Link]

Dynamic Routing – OSPF Project

- Implemented OSPF single-area/multi-area routing, verified adjacency using show ip ospf neighbor **Skills:** OSPF, Router-ID, Cost Calculation **Project Link: [**Link **]**

EIGRP Routing Project

- Configured EIGRP AS, tested neighbor formation & route propagation. **Skills:** EIGRP, Autonomous System, Metric Calculation **Project Link:** [Link]

BGP Routing (EBGP & IBGP)

- Created an ISP-level topology demonstrating EBGP between AS numbers & IBGP within the same AS. **Skills:** BGP, AS Numbers, Next-Hop-Self, Route Advertisement **Project Link:** [Link]

EXPERIENCE

Nuvem Labs :- Trainee Engineer | March / 16 / 2026 To Present

• Worked on network migration projects at Nuvem Labs using Cisco NCS 5500 Series and ASR 9000 Series routers

• Collected and analyzed logs from existing routers prior to migration activities

• Performed IOS XR installation and upgrades on Cisco NCS 55A2 and ASR 9922/9912 routers

• Replicated configurations from existing routers to new hardware for seamless migration

• Prepared MOP (Method of Procedure) for planned migration activities

• Executed migration and site cutover during maintenance windows (night activities)

• Conducted pre and post-migration validation to ensure network stability and service continuity

• Assisted in troubleshooting routing and connectivity issues during and after migration

TECHNICAL SKILLS:

• Cisco NCS 5500 Series (NCS 55A2) • Cisco ASR 9000 Series (ASR 9922, 9912) • IOS XR Installation & Upgrade • Network Migration & Site Cutover • Router Configuration & Log Analysis • MOP Preparation • Troubleshooting & Validation, Server ISO Install,

EXPERIENCE

Network Bulls Pvt Ltd – Cisco Networking Training Program *CCIE (Routing & Switching)* | July 2025 – Present

- **Cisco Router Models Worked On [1841, 2611, 2801, 2811, 3640, 7204]**
- **Cisco Switch Models Worked On Cisco Catalyst [2950, 2960, 3550, 3560, 3750]**
- Completed intensive CCNA and CCNP level training with strong focus on real-world networking
- Configured and managed real Cisco routers and switches using Cisco IOS (CLI)
- Implemented VLAN, Inter-VLAN routing, Trunking, STP, EtherChannel

- Configured OSPF (single & multi-area) and EIGRP in multi-router environments
  Performed IP addressing, subnetting, and network design
- Configured NAT (Static, Dynamic, PAT) and ACLs for traffic control and security
- Troubleshot network issues using show, debug, and ping/traceroute
- Designed and tested enterprise-style topologies using Cisco Packet Tracer and GNS3 Gained hands-on

TOOLS

- Cisco IOS, Cisco Packet Tracer, GNS3, Real Cisco Routers & Switches, Basic Network Monitoring

---

Rossia Jewels Pvt Ltd

- **Role: Business Development Executive** **Duration: 8/07/2024 To 12/07/25**
- Entered and maintained production and inventory data with high accuracy
- Assisted the production team in daily operational activities
- Windows 10 / Windows 11 installation & configuration
- IP address, Subnet Mask, Gateway configuration,
- Desktop / Laptop assembly & troubleshooting
- Wi-Fi configuration & troubleshooting

Education

Bachelor of Arts (Maharshi Dayanand University) Year of Completion: 2024

---

1. **Address** 22 Feet Road, Sanjay Enclave, Faridabad, NCR, Region, Haryana 121005

Ajay Kumar Place: Faridabad, Haryana
