PROFILE SUMMARY

Project & Operations professional with 5+ years of experience delivering cross-functional projects using Agile (Scrum/Kanban). Led end-to-end delivery of two AI sales-simulation platforms that accelerated new-hire sales onboarding, and replaced the manual payroll cycle with full automation. Strong in requirement gathering, stakeholder management, SLA design, and data-backed reporting with Power BI. Additional hands-on ownership of recruitment and HR operations.

KEY ACHIEVEMENTS

- Delivered two AI sales-simulation training products (Pitch Monster, Second Nature) end-to-end, accelerating new-hire sales onboarding.
- Automated end-to-end payroll (attendance, compliance, salary logic), replacing the manual cycle and eliminating calculation errors.
- Designed and enforced an SLA framework for the lead-generation pipeline, sustaining on-time, quality-verified delivery.
- Re-engineered and relaunched marketing workflows (Leo Project), improving turnaround and consistency across the funnel.

WORK EXPERIENCE

Lead Project Coordinator | Infodrive India, New Delhi *May 2023 – May 2026*

- Owned end-to-end delivery of two AI sales-simulation products (Pitch Monster, Second Nature): gathered requirements from sales leadership, defined product scope, and designed the scoring logic for simulation assessments.
- Coordinated vendors and internal teams through rollout, tracked adoption and performance analytics, and iterated on training content — sharply reducing new-hire ramp time.
- Automated payroll operations end-to-end covering attendance, compliance, and salary logic — eliminating manual effort and recurring calculation errors.
- Defined the SLA framework and ran periodic audits across the lead-generation pipeline, sustaining on-time, quality-verified delivery to the sales team.
- Built Power BI dashboards for leadership covering delivery, recruitment, and payroll metrics, enabling faster data-backed decisions.
- Managed full-cycle recruitment in collaboration with department heads — job postings, talent sourcing, candidate screening, interview scheduling, and offer coordination.
- Handled HR operations including new-hire onboarding, documentation, attendance tracking, and employee-record management.

Process Manager | Cedcoss Technologies, Lucknow *Oct 2022 – May 2023*

- Ran Agile delivery with development teams — sprint planning, daily stand-ups, backlog prioritisation, and stakeholder coordination.
- Managed delivery on Kanban boards with strong SDLC alignment across requirements, build, testing, and release phases.
- Established ClickUp as the single source of truth for tasks, status, and bottleneck tracking across teams.
- Rolled out SOPs across departments, reducing process deviations and improving delivery consistency.

Associate Analyst — Content Engineering | GlobalLogic, Gurugram *Jul 2021 – Oct 2022*

- Designed QA and data-validation processes, converting client feedback into quarter-over-quarter delivery improvements.
- Delivered high-quality project data supporting SLA compliance and client-satisfaction scores.

Quality Control Officer | Akums Drugs & Pharmaceuticals, Haridwar *Aug 2020 – Jun 2021*

- Built and maintained SOPs, inspection documentation, and performance records for quality-control operations.
- Recommended process improvements adopted to meet QC benchmarks.
