EXPERIENCE

05/2026 - 08/2026

Senior Manager - Client Success

Virtubox Infotech Pvt. Ltd. - Noida, Uttar Pradesh

- Managed client retention, renewals, and ongoing relationships, addressing client requirements and identifying opportunities for continued engagement and account growth.
- Developed and implemented a structured client onboarding and delivery process, improving coordination, ownership, and project execution.
- Coordinated team performance, workload allocation, project reviews, and stakeholder communication to resolve issues and ensure smooth delivery.
- Led cross-functional teams to deliver kiosk software projects across **malls, retail, BFSI, government,** and **F&B** verticals, ensuring timely and quality execution.

02/2022 - 04/2026

Senior Business Development Analyst

CEDCOSS Technologies Private Limited - Lucknow, India

- Delivered **100+ mobile app projects** end-to-end as a Business Analyst, including **KAZO, SUTA, and Waangoo**, from requirements gathering through delivery sign-off.
- Conducted requirement-gathering workshops with **650+ stakeholders**, creating **BRDs, FRDs, SRS, User Stories,** and **process documentation** to translate business requirements into actionable development specifications.
- Built **10+ Power BI dashboards** for executive reporting, reducing manual reporting efforts by **~35%**, and performed **SQL-based data validation** and **reporting integrity checks**.
- Tested and validated **third-party APIs**, analyzed API responses, and prepared technical documentation and specifications for development teams.
- As a **Senior Business Analyst**, managed end-to-end **UAT for 50+ mobile app launches**, created 200+ test scenarios, coordinated defect resolution, and secured stakeholder sign-off.

- Managed **JIRA Epics, User Stories, Acceptance Criteria,** and **Agile sprint activities** across 4+ concurrent projects while collaborating with cross-functional teams.
- Managed client retention for over **300 active accounts** each month by addressing business needs and resolving issues.

09/2021 - 01/2022

Project Management Intern
kloudone - Bengaluru, India

- Assisted in planning, coordinating, and tracking project activities to ensure timely execution.
- Collaborated with cross-functional teams to monitor project progress and resolve issues.
- Prepared project documentation, reports, and meeting minutes.
- Tracked tasks, timelines, and deliverables to support project completion.
- Communicated project updates with stakeholders and maintained accurate project records.

PROJECTS

E-Commerce Analytics Dashboard | Power BI, DAX, Excel, SQL, Lucidchart

- Designed and developed a real-time Power BI dashboard tracking 15+ KPIs across sales, inventory, and customer behavior for a client with ₹50 Cr+ annual GMV.
- Integrated multiple data sources, developed a scalable data model, and created executive-level visualizations, reducing manual reporting effort by 40% and supporting faster inventory decision-making.

Mobile App UAT & Requirements Management | JIRA, Confluence, Excel, Figma

- Led end-to-end UAT and requirements management for 3 mobile application launches, creating 200+ test scenarios and coordinating defect resolution across Design, Development, and QA teams.
- Delivered all 3 projects on schedule with zero critical post-launch defects, ensuring stakeholder validation and successful production releases.

AI Workflow Automation & Chatbot Implementation | ChatGPT API, Perplexity AI, Zapier, n8n

- Designed and implemented an AI-powered website chatbot to automate customer support during non-working hours and enable 24/7 query handling.
- Integrated ChatGPT API and Perplexity AI to automate FAQs, product queries, and issue triage, reducing dependency on manual support intervention.
