Professional Experience

3S Real Estates Brokers Sept,2025 – Present

Sales Support – Strategy & Analytics (Reporting) | CEO Office

Dubai, United Arab Emirates

- Produced daily, monthly, and annual FP&A reports covering sales performance, revenue trends, operating costs, profitability, and market analysis, enabling strategic business decisions through data-driven insights and financial reporting.
  Built and maintained 15+ KPI dashboards for cross-functional teams, monitoring business performance, sales metrics, and market trends. Collaborated with auditors, external consultants, and internal stakeholders to support reporting and strengthen financial controls.
- Conducted cost and variance analysis at department and project level, identifying optimization opportunities that resulted in AED 200,000–250,000 in monthly cost savings.
- Analyzed sales pipelines, pricing trends, commission structures, and commercial performance to support revenue forecasting, profitability analysis, and strategic decision-making.
- Acted as a key liaison between sales, finance, and operations, collaborating with internal stakeholders to deliver performance insights, enhance business reporting, and support client-focused initiatives.

Finance Executive

Dubai, United Arab Emirates

- Manage end-to-end accounting reconciliations (bank, vendor, and client ledgers), improving reconciliation accuracy by 25% through process automation and cross-check validation.
- Conducted financial and market analysis to support management decisions, evaluate business performance, and identify commercial opportunities.
- Supported financial analysis, budgeting, and variance reporting and market research to improve cost visibility and aid management decision-making.
- Assist in cash flow management, budgeting, and forecasting, contributing to a 15% improvement in liquidity planning and working capital optimization.
- Collaborated with auditors and external consultants to provide audit-ready documentation and streamline financial controls.

- Leveraged Excel, QuickBooks, and Power BI to automate reconciliations and generate actionable management information reports (MIS).

CTC Tax & Accountancy Jan,2025 – Aug,2025
Junior Finance Executive
Dubai, United Arab Emirates

- Prepared and filed VAT returns for 20+ SMEs, ensuring 100% compliance with UAE FTA requirements.
- Managed accounts payable/receivable cycles, improving collections efficiency by 10%.
- Conducted bank, supplier, and intercompany reconciliations, reducing discrepancies by 15%.
- Supported month-end closing and finalization of accounts in line with IFRS standards.
- Assisted in preparing MIS reports for real estate clients, supporting management with accurate financial insights for decision-making.

Outbooks Outsourcing Pvt. Ltd. May,2023 – Apr,2024
